DEDICATION

Richard A. Hollins
Dedicated Town Employee
1967 – 2005

Public Works Director, Sexton of Cemeteries
Superintendent of Water Works,
Public Works Commission,
Fire Department, Representative to
Concord Regional Solid Waste
Resource Recovery Cooperative,
Long Time Friend and Co-worker.

Dick Hollins was a “VALUABLE” employee for the Town of Boscawen for thirty-eight years. He took over as Public Works Director in 1974 replacing his father Harvey Hollins. Dick retired in March 2005; his vast knowledge of the Town roads, cemeteries and our Town sewer/water system has been invaluable. Over the years Dick has performed every task with one single purpose in mind and that was, to do the best he could for the Town and its citizens. On many occasions Dick has had to work with very limited resources in some of the most terrible conditions of weather and terrain and he has always completed the job and more importantly WITH the respect of his fellow workers as well as most others that were involved directly or indirectly. He has always been able to approach problems with an even composure and on many occasions he was the calming influence when tempers flared. When he decided to retire this year we all knew that he would be hard to replace. So we try with all of our abilities to keep him in the loop so that we can extract from his vast store of knowledge, that which will make our tasks easier. He continues to be part of the team overseeing our sewer project. We greatly appreciate all that he has done in the past and continues to do. There have been three generations in this position, with his son Dean now holding the Public Works Director position. We know that Dean has some pretty big shoes to fill and we have every reason to believe it will be done. Dick is providing him the benefits of 38 years of experience. Thank you Dick for all you have done and all we hope you will do for the Town, even in retirement.

At Dick's Retirement Party: Selectman Rhoda Hardy, Town Administrator Doddy Fisher, Selectman Ed Maloof, Dick and Paula Hollins, Selectman Bernie Davis.

DEDICATION

The Selectmen would like to take this opportunity to give a very public "Thank You" to two people in our town who have truly made a very large impact on all of us. They have given of themselves countless times, to help others in our community. Their sense of community spirit seems endless. They have volunteered for and indeed led, many of our town's programs such as the Holiday Food Baskets and always functioned with enthusiasm and courage that are rarely found in one person, let alone two. They have faced mounting obstacles with hope and optimism that has been an example to all of us that have had the pleasure of working alongside them. Hopefully we will continue to have the benefit of their exuberance and their willingness to take part in all matters of the town for a long time to come.

Rhoda has been active in many of the Town Boards, Commissions and Committees from 1978 to the present. Among them are: Planning Board, Conservation Commission, Recycling Committee, Budget Committee, Selectmen for a six-year term, Ex-officio on the Police Commission and the Public Works Commission, Municipal Building Committee, Old Home Day Association and our Representative to the Concord Regional Solid Waste Resource Recovery Cooperative. Although Harold was not an official member of these mentioned, he often attended all the meetings and took it upon himself to care for the Town Hall and the Planning & Zoning Building, which is now the Church Food Pantry.

Thank you, Rhoda and Harold Hardy, for all you have done, for us as individuals and for the Town.

ON THE COVER: The Boscawen Police Department, led by Chief David Croft and Sergeant Craig Saltmarsh, look to the future in their new facility, joined by several new recruits. The Department faces a growing population. Our heartfelt thanks for your continued service and dedication.

The State of New Hampshire
BOSCAWEN TOWN WARRANT
THE POLLS WILL BE OPEN FROM 7:00 AM TO 7:00 PM.

To the Inhabitants of the Town of Boscawen in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Boscawen on Tuesday, the 14th day of March 2006, at 7:00 O'clock, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. Are you in favor of adoption of the amendment to the Zoning Ordinance to repeal Article XII, Definitions of the current Zoning Ordinance and replace it with a more comprehensive set of Definitions. (Ballot vote) Copies are available at the Town Office and the Town Hall on meeting day.

Recommended by Planning & Zoning Boards

**YOU ARE FURTHER NOTIFIED TO MEET AT THE TOWN HALL IN
BOSCAWEN ON TUESDAY, THE FOURTEENTH DAY OF MARCH
2006, AT 7:30 PM TO ACT UPON THE FOLLOWING SUBJECTS**

3. To see if the Town will vote to raise and appropriate the sum of \$2,770,127 which represents the operating budget. Said sum does not include special or individual articles addressed separately.

Recommended by Selectmen and Budget Committee

4. To see if the Town will vote to authorize the Selectmen to establish and implement a mandatory user fee system, such as a "pay as you throw" (by bag) program, with the revenue generated to be used to offset the cost of solid waste disposal.

Recommended by Selectmen and Recycling Committee

5. To see if the Town will vote to raise and appropriate up to the sum of \$13,000, which is 50% of the cost of paving the Church Parking Lot, also used by the Town. Boscawen Congregational Church, UCC will pay the balance.

Recommended by Selectmen and Budget Committee

6. To see if the Town will vote to raise and appropriate the sum of \$38,900 to improve the canoe ramp at Jamie Welch Memorial Park and

to apply for a grant of 60% of the cost from NHDES and to appoint the Selectmen as agents to expend. Improvements are conditional upon receiving the grant.

Recommended by Selectmen and Budget Committee

7. To see if the town will vote to authorize the Selectmen to enter into a three-year lease/purchase agreement for the purpose of leasing a Police Cruiser with related equipment, and to raise and appropriate the sum of \$9,317 for the first year's payment for that purpose. The total price is estimated at \$26,000. This lease/purchase contains an escape clause.

Recommended by Selectmen and Budget Committee

8. To see if the Town will vote to raise and appropriate up to \$40,000 for the costs of a fiscal impact study and other studies necessary for the development of a proposed Impact Ordinance that will allow the Town to collect assessments for the capital costs incurred by the Town from new developments, as a form of innovative land use control. This is a non-lapsing appropriation per RSA 32:7 VI. and will not lapse until December 31, 2007.

Recommended by Selectmen and Budget Committee

9. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of Boscawen's share of the construction costs for a connecting sidewalk from the North Main Street sidewalk northward, connecting with the existing sidewalk on King Street and to raise and appropriate the sum of \$35,000 to be placed in this fund and to appoint the Selectmen as agents to expend.

Recommended by Selectmen, Public Works Commission and Budget Committee

10. To see if the Town will vote to raise and appropriate the sum of \$20,000 to be added to the Fire Truck Capital Reserve Fund previously established.

Recommended by Selectmen and Budget Committee

11. To see if the Town will vote to raise and appropriate the sum of \$10,000 to be added to the Highway Heavy Equipment Capital Reserve Fund previously established.

Recommended by Selectmen and Budget Committee

12. To see if the Town will vote to add to the Boscawen/Canterbury Bridge Capital Reserve Fund (Bridge #132/085) previously established and to raise and appropriate the sum of \$5,483.00 towards this purpose. This is a third year of funding of a four-year project.

Recommended by Selectmen, Public Works Commission and Budget Committee

13. To see if the Town will vote to raise and appropriate the sum of \$30,550 to help support the Penacook Rescue Squad for its emergency medical services and rescue operations for the Town.

Recommended by Selectmen and Budget Committee

14. To see if the Town will vote to raise and appropriate the sum of \$6,489 for services of Concord Regional Visiting Nurse Association.

Recommended by Selectmen and Budget Committee

15. To see if the Town will vote to raise and appropriate the sum of \$5,356 for services to low-income residents of Boscawen through the Concord Area Center Community Action Program, Belknap-Merrimack Counties, Inc.

Recommended by Selectmen and Budget Committee

16. To see if the Town will vote to raise and appropriate the sum of \$4,000 toward the operating expenses of the Penacook Community Center.

Recommended by Selectmen and Budget Committee

17. To see if the Town will vote to raise and appropriate the sum of \$5,000 to contribute to the operating costs of the Boscawen Historical Society.

Recommended by Selectmen and Budget Committee

18. To see if the Town will vote to discontinue Eastman Road off Route 3, which is 1 mile Northwest of Goodhue Road.

Recommended by Selectmen

19. To see if the Town will vote to discontinue the town maintenance of Woodbury Drive which is located off Water Street, ½ mile South of North Water St.

Recommended by Selectmen

20. To see if the Town will vote to discontinue the town maintenance of Round Road which is located off Route 4, ¾ mile North of Jct. of Routes 3 & 4.

Recommended by Selectmen

21. To see if the Town will vote to change the percentage to 50% of all future payments collected under the land use tax set forth in RSA Chapter 79-A, which are placed in the Conservation Fund in accordance with RSA 36-A:5, III. The Conservation Fund shall be non-lapsing and proceeds shall be used to further conservation purposes in the Town of Boscawen.

Recommended by Selectmen and Budget Committee

21. To transact any other business which may legally come before this meeting.

Given under our hands and seal, this 15th day of February, in the year of our Lord Two Thousand Six.

BOSCAWEN TOWN MEETING

March 8, 2005

Moderator Rick Trombly, who read the warrant and declared the polls, would stay open until 7:00 PM, called the Annual Town Meeting to order at 7:00 AM.

A motion was made by Tom Danko to hold action on Articles 4 through 17 until the ballots were counted in the evening. Seconded.

Ballot clerks were Brenda Bartlett, Tom Danko, Lois Hartford, and Francis O'Keefe.

Polls closed at 7:00 PM. The votes were counted and the results were:

Office	# of Years in Term	Name	Votes
Selectman	3	Michael D. Wright	172
Treasurer	3	Gail Egounis	211

Total Ballots Cast:

Regular Ballots	226
Absentee Ballots	4

Moderator Trombly called the evening meeting to order at 7:43 PM, and then recognized Tom Danko who led the Pledge of Allegiance.

In attendance were Selectmen Rhoda Hardy and Ed Maloof, Town Clerk Anne Hardy, and Town Administrator Sherlene Fisher. Selectman Bernard Davis was absent due to an injury.

Moderator Trombly stated that the meeting would be run in accordance to Robert's Rules of Order and that you state your name for the record. Also, at any time during the meeting any vote can be reconsidered unless you attach the provisions of RSA 40 to that vote.

Moderator Trombly then read the results of the ballot vote on Articles 1 through 3.

ARTICLE 1. To choose all necessary Town Officers for the year ensuing.

Official Weighers: Claire Clarke moved to reelect incumbents Bruce A. Davis and Mark N. Harbour. Kirsten Powelson seconded. Motion passed.

Surveyors of Wood & Timber: Michele Tremblay moved to reelect incumbents James F. Colby, William Bailey, Jr., and Frederick J. Egounis. Deb Wentworth seconded. Motion passed.

Fence Viewers: Claire Clarke moved to reelect incumbents Ray R. Fisher, Douglas R. Supry, and Michele Tremblay. Seconded by Deb Wentworth. Motion passed.

ARTICLE 2. To see if the Town will vote to adopt the amendment to the existing Boscawen Building Code proposed by the Planning Board, which confirms the adoption of the 2000 International Residential Code for One and Two-Family Dwellings and the enforcement of the Building Code by the Building Inspector and the Building Inspector's authority to issue building permits and certificates of occupancy, which authorizes the Board of Selectmen to establish fees for building permits, certificates of occupancy, and building inspection, and which authorizes the Zoning Board of Adjustment to act as the Building Code of Appeals. Ballot vote required. Recommended by Selectmen and Planning Board.

YES 106

NO 117

The article is defeated.

ARTICLE 3. Are you in favor of adoption of the amendment to the existing Zoning Ordinance as proposed by the Planning Board, which amends the existing Zoning Ordinance in its entirety by replacing Articles I through XVII of the existing ordinance with Articles I through 16 of the amended ordinance? Ballot vote required. Recommended by Selectmen and Planning Board.

YES 76

NO 146

The article is defeated.

ARTICLE 4. To see if the Town will vote to raise and appropriate the sum of \$2,466,774 which represents the operating budget. Said sum does not include special or individual articles addressed separately. Recommended by Selectmen and Budget Committee.

Rhoda Hardy moved to accept Article 4 as read. Seconded by Deb Wentworth. There being no discussion, the Article was adopted.

ARTICLE 5. To see if the town will vote to authorize the Selectmen to enter into a three year lease/purchase agreement for the purpose of leasing a Police Cruiser SUV with related equipment, and to raise and appropriate the sum of \$10,613 for the first year's payment for that purpose. The total price is estimated at \$30,000. This lease/purchase contains an escape clause. Recommended by Selectmen and Budget Committee.

Deb Wentworth moved to accept Article 5 as read. Kirsten Powelson seconded. There being no discussion, the Article was adopted.

ARTICLE 6. To see if the Town will vote to authorize the Selectmen to enter into a four-year lease/purchase agreement for the purpose of leasing a Ford 550 with related equipment and to raise and appropriate the sum of \$18,068 for the first years lease. The total price is estimated at \$72,273. This lease/purchase contains an escape clause. Recommended by Selectmen and Budget Committee. Michael Wright moved to accept Article 6 as read. Deb Wentworth seconded. There being no discussion, the Article was adopted.

ARTICLE 7. To see if the Town will vote to raise and appropriate the sum of

\$20,000 to be added to the Fire Truck Capital Reserve Fund previously established. Recommended by Selectmen and Budget Committee.

Ron Reed moved to accept Article 7 as read. Seconded by Claire Clarke. There being no discussion, the Article was adopted.

ARTICLE 8. To see if the Town will vote to raise and appropriate the sum of \$10,000 to be added to the Highway Heavy Equipment Capital Reserve Fund previously established. Recommended by Selectmen and Budget Committee.

Deb Wentworth moved to accept Article 8 as read. Ray Fisher seconded. There being no discussion, the Article was adopted.

ARTICLE 9. To see if the Town will vote to add to the Boscawen/Canterbury Bridge Capital Reserve Fund (Bridge #132/085) previously established and to raise and appropriate the sum of \$5,483.00 towards this purpose. This is a second year of funding of a four-year project. Recommended by Selectmen, Budget Committee and Public Works Commission.

Sherlene Fisher moved to accept Article 9 as read. Kirsten Powelson seconded. There being no discussion, the Article was adopted.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$28,551 to help support the Penacook Rescue Squad for its emergency medical services and rescue operations for the Town. Recommended by Selectmen and Budget Committee.

Deb Wentworth moved to accept Article 10 as read. Seconded by Claire Clarke. There being no discussion, the Article was adopted.

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of \$6,489 for services of Concord Regional Visiting Nurse Association. Recommended by Selectmen and Budget Committee.

Michele Tremblay moved to accept Article 11 as adopted. Claire Clarke seconded. There being no discussion, the Article was adopted.

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$5,356 for services to low-income residents of Boscawen through the Concord Area Center Community Action Program, Belknap-Merrimack Counties, Inc. Recommended by Selectmen and Budget Committee.

Rhoda Hardy moved to accept Article 12 as read. Seconded by Deb Wentworth. There being no discussion, the Article was adopted.

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$4,000 toward the operating expenses of the Penacook Community Center. Recommended by Selectmen and Budget Committee.

Lorrie Carey moved to accept Article 13 as read. Seconded by Kirsten Powelson. After some discussion, the Article was adopted.

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of

\$4,000 to contribute to the operating costs of the Boscawen Historical Society. Recommended by Selectmen and Budget Committee.

Ron Reed moved to accept Article 14 as read. Claire Clarke seconded. There being no discussion, the Article was adopted.

ARTICLE 15. To see if the Town will vote to appoint the Selectmen as agents to expend, with the approval of the Library Trustees, from the Library Capital Reserve Fund previously established.

Deb Wentworth moved to accept Article 15 as read. Kirsten Powelson seconded. There being no discussion, the Article was adopted.

ARTICLE 16. To see if the Town will vote to change the percentage to 50% of all future payments collected under the land use tax set forth in RSA Chapter 779-A, which are placed in the Conservation Fund in accordance with RSA 36-A:5, III, not to exceed \$20,000 in any given year. The Conservation Fund shall be non-lapsing and proceeds shall be used to further conservation purposes in the Town of Boscawen, including the acquisition of Town Forest and other important lands. The current percentage is 100% established by the 2000 Town Meeting. Recommended by Selectmen and Budget Committee.

Ray Fisher moved to accept Article 16 as read. Jeremy Littlefield seconded. After much discussion the Article was defeated by voice vote.

Michele Tremblay moved to impose RSA 40 on Article 16. Seconded by Jeremy Littlefield. The motion passed.

ARTICLE 17. To transact any other business, which may legally come before this meeting.

Rhoda Hardy asked if anyone would like to serve on a committee to pursue subdivision and zoning ordinances. Stepping forward where Michele Tremblay and Paul Fisher.

Ed Maloof made the announcement that Rhoda Hardy is retiring, as Selectman and she will definitely be missed. He then presented her with a NH clock with a lighthouse etched on the glass. She was very appreciative and thanked everyone for his or her support.

Stephanie Alicea made an announcement about Community Service Day at the high school. Anyone interested should see her after the meeting or contact her at the school.

Bill Heinz moved to adjourn, seconded by Michele Tremblay. Meeting adjourned at 8:52 p.m.

Respectfully submitted
Anne S. Hardy, Town Clerk and
Pamela J. Lorden, Dep. Town Clerk

INDEPENDENT AUDITOR'S REPORT

INDEPENDENT AUDITOR 'S REPORT ON FINANCIAL PRESENTATION

To the Members of the Board of Selectmen
Town of Boscawen, New Hampshire
Boscawen, New Hampshire

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Boscawen, New Hampshire as of and for the year ended December 31, 2004 which collectively comprise the Town of Boscawen's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Town of Boscawen, New Hampshire, as of December 31, 2004, and the results of its operations and the cash flows of its proprietary fund types and fiduciary funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was performed for the purpose of forming opinions on the basic financial statements taken as a whole. The accompanying individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

Paul J. Mercier Jr., CPA

TOTAL	<u>\$5,472,953</u>

REPORT OF THE TOWN CLERK

In early 2005 everyone who worked with motor vehicle registration was required to attend a mandatory daylong seminar on the Privacy Act. This course was designed to teach the attendees what the State laws are and what is expected of them as agents of the State and the consequences of non-compliance.

The Municipal Agent Automation Project or MAAP System went into effect on August 1st. This new system has been many years in the works and was developed for the Department of Safety to perform registrations, title applications and process payments and financials related to motor vehicles.

The new MAAP System captures a lot more information than the old system did and at times takes much longer to process registrations or titles, but this extra time now should eliminate many problems in the future.

We have many new faces in town, and for those of you who aren't aware, the Town Clerk's Office is open four days a week and for your convenience two of those days include office hours until 6:30 PM

Monday and Thursday 8:00 – 11:00 and 12:00 – 4:30

Tuesday and Wednesday 8:00 – 11:00 and 12:00 – 6:30

The office is closed on Fridays, so please plan ahead when scheduling your motor vehicle registrations.

The 2006 dog tags will be available in January so you may license your pet/pets early or any time before April 30th.

I want to wish everyone a happy, healthy and prosperous 2006!

REPORT OF THE TAX COLLECTOR

The property tax rate for 2005 went down to \$23.55 per thousand from the 2004 tax rate of \$24.19. This was a pleasant surprise, as we had anticipated a considerable increase due to the school budget and bond. In 2005 — 49% of your tax money went to local schools, 13% went to State Ed, 28% went to the Town, and 10% went to Merrimack County.

Sewer users saw a substantial increase in their sewer bills this year. The rate went up from \$4.00 per 100 cu ft of water usage to \$5.10 per 100 cu ft, due to the ongoing sewer project. At the same time, the minimum amount did drop from 1000 cu ft to 600 cu ft, which allowed many users to see a decrease in their sewer bill if they used 600 cu ft or less of water in a quarterly period.

The tax office had an extremely busy year in 2005. As well as collecting property taxes and sewer payments, we were registering vehicles, licensing dogs and managing vital records in the Town Clerk's absence. We are extremely happy to have Anne Hardy back in the Town Office. We are also very grateful for the assistance we received from Leona Dwyer, who provided an extra pair of hands in the office during that very busy time.

Nancy Moody completed the second year of a four-year certification course offered by the NHTCT/NHCTCA Joint Certification Program. This is a valuable program offered to tax collectors, city and town clerks. Nancy and I also attended workshops and trainings throughout the year to keep abreast of the ever-changing laws and rules that govern our job.

The tax office hours are: **Tuesday, Wednesday & Thursday - 8:30 – 11:00 AM & 12:00 – 5:00 PM.**

Respectfully submitted,

Pamela J. Lorden, Tax Collector
Nancy A. Moody, Deputy Tax Collector

REPORT OF THE BOARD OF SELECTMEN

During this Town Meeting, Voters will be asked to respond to two questions that were brought forth at last year's meeting. One will be to consider sharing the monies received from the land use tax in equal amounts between the Town's taxpayers and the Conservation Fund. The second will be to consider some definition changes to the Town's Zoning Ordinance. The first of these items have been brought forward in a revised form because the Selectmen feel that it is very important to maintain the tax base over all property owners so as to have as low a tax rate as possible. The second is important because we have to standardize our Zoning Definitions so that the Town can continue to try to control growth.

We have been very busy this past year coordinating many of the projects that were approved over the last few years and finally some of those projects are finished or are close to being finished. The improvements to the Penacook Waste Water Treatment Plant have been completed and the Sewer/Water Project Phase I is close to being finished. The WWTP was completed on budget and at this time it appears that the Gage Street Basin project will be on budget if not a bit under.

Another project that was completed was the Merrimaack River Bridge near the Hannah Dustin Memorial. We have been informed that the NH Department of Transportation may be considering traffic lights at the intersection north of the Park-n-Ride, so at some point we will be seeing more roadwork activity in that area. Another area of roadwork will be at High Street and Goodhue Road. We don't have any exact time frames on these two projects but when we do we will notice them in the *Boscawen Newsvine*.

Speaking of roads, the Selectmen have placed on the Warrant three items that ask the Town to vote to eliminate the maintenance on what have become over the years, private driveways. While it would be nice to continue plowing and maintaining these areas it is the Selectmen's desire to not provide town services to these small areas. Continuing the status quo requires extra work by the Public Works Department, such as changing plow blades or using grading equipment, which of course equates to using more tax dollars. The lack of Town participation on these small areas would essentially over time turn the driveways over to the landowners who would have the responsibility to maintain them as they see fit. Since the Town does not maintain private roads or driveways for everyone, then it is our belief that no such road or driveway should require Town expenditures.

The Selectmen have attended a seminar on the Public Health issue of EEE and West Nile Virus and are in the process of setting up a program of education for our citizens. Unfortunately the State of NH will not assist us financially but will provide guidance as to how the effects of EEE and West Nile Virus can be lessened. Town-wide spraying does not seem to be an option since we have vast wetlands in Town as well as State rivers and large bodies of water, which the State does not allow to be sprayed under any circumstance. Private landowners may spray only their property. The best avenue seems to be, simply, due

diligence in locating and eliminating those areas on your property that may lend itself to the breeding of mosquitoes.

We have contracted with our Town's property assessors to provide us continuous services at the rate of 25% of our properties each year, so that all properties can be fairly assessed in a timely manner whenever revaluation has to be done which is approximately every five years. This simply means that property cards will be kept up to date on a regular basis. The valuation for tax purposes is not changed until all properties have been done in that five-year period.

A new and improved Canoe Ramp is on the Warrant this year. We have submitted a Grant application for 60% of the cost of improving the ramp to NHDES as part of their Watershed Improvement program. This will be a CarTop access only. That is to say that users will have to remove their canoes/kayaks or small boats from the cars or trailers and walk them down to the river's edge. The walkway will be constructed of cement pavers imbedded in a gravel base with a concrete apron into the water. Traffic control devices will be placed at the top of the ramp to prevent motor vehicle access along with appropriate signage. This is a very popular area not only for our Town residents but for many out of town groups that use the river for its recreational value. This is another example of how our efforts on the Town's Master Plan has paid off.

We continue in our efforts to recycle and remove items from the waste stream. Our efforts to separate some materials have been paying off, however, we feel that more of our residents can help in this effort. We have included a warrant item to ask the Town for input on Pay-As-You-Throw in order to facilitate our waste removal problems. A positive vote on this item can only be a good thing for our Town since it will help defray the costs of disposal and also encourage recycling.

We have improved the inside of the Dorval House at the park for the safety and enjoyment of our children in the Park Program. A new floor has been completed and a new front porch/step combination has also been installed. Painting has been done throughout and some new windows have been installed, as well as interior lighting. It is truly a "club house" that the children can have fun in and parents can feel is a safe environment for their children.

Once again we would like to say thank you to all of our Town's employees and volunteers for the great job they all did this past year. We have several new Town employees that we would like to welcome to our group. It is only through the efforts of all of these people that this Town functions as well as it does. If there are any citizens who have thought about doing some volunteer work, we certainly would like you to make yourself known so that we can show you how we could use your help.

Respectfully submitted,

Edward A. Maloof
Bernard O. Davis, Jr.
Michael D. Wright

REPORT OF THE BOSCAWEN POLICE DEPARTMENT

The Boscawen Police Department ended 2005 by saying goodbye to a 22-year veteran of the department when Corporal George Cushman elected to retire. Corporal Cushman was instrumental in training and assisting new officers as they joined the department over the last several years, and could always be counted on when anyone needed assistance. We all wish him good luck and he will be greatly missed by each of us.

This past year once again continued to strain the department in attempting to keep up with what is quickly becoming our number one complaint: vehicular problems. Although the amount of reportable motor vehicle accidents were down in 2005 compared to 2004 from 106 to 96 it still was another tragic year on our roadways with the department responding to 2 motor vehicle fatalities. In 2006, it will be the goal of this department to attempt to be more visible in the neighborhoods and proactive in the enforcement of motor vehicle violations, which will hopefully reduce the amount of vehicular complaints.

In 2005, the department issued 476 motor vehicle summons and 2,572 written motor vehicle warnings. We made 374 full custody arrests for numerous violations of the law both criminal and motor vehicle related. The department's criminal activity remained consistent with last year's numbers with a slight increase in the number of reported burglaries and vehicle thefts.

Our community involvement programs were once again a great success allowing us to be able to assist over 80 children in our Toys for Tots Program. We had a record number of people attending our Halloween open house at the police station, and we also saw a great turnout for our First Night Out celebration which was held at the police department.

The D.A.R.E. Program again received great praise from both parents and school staff and the Neighborhood Watch Program continued to be very active within the community, by assisting at both the Old Home Day Golf Tournament as well as at the Old Home Day Fireworks. This year, the Christmas Craft Dance was held at the Town Hall with over 150 children in attendance and we were assisted by members of our newly formed PACK Program, which stands for Police and Community for Kids.

We would not be able to bring these programs to the community if not for volunteers from these numerous groups who greatly assist us. To each of you thanks, and to the Boscawen community, please remember: this is your police department. Don't hesitate to call us to assist you any time day or night.

Respectfully submitted,

David A. Croft, Chief of Police

REPORT OF THE BOSCAWEN FIRE DEPARTMENT

In last year's report I ended my report by saying "Hoping for another fire-safe year." This is exactly what happened as we only had one structure fire in 2005. Our goal is not to have any and with the continued inspections and increased knowledge of homeowners this might be the year that we can brag about it.

This year was a very bad year for flooding but nothing like the western part of our State. We had two consecutive weekends of non-stop pumping of cellars and roads.

My thanks go out to all of the firefighters and their families, our auxiliary members, the Police department, the Highway department and the Penacook Rescue for their help when needed. I know that we thank the firefighter employers every year and this year is no different. Our daytime response would be less than adequate if it was not for their generous gestures.

We continue to be low on membership and will welcome anyone who wishes to become a Boscawen Fire volunteer.

Respectfully submitted,

Ray Fisher, Chief BFD

**REPORT OF THE TOWN FOREST FIRE WARDEN
AND STATE FOREST RANGER**

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wild land fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. A fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire’s forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2217, or online at www.nhdfi.org.

Fire activity was high during the first several weeks of the 2005 fire season, with red-flag conditions issued by the National Weather Service and extreme fire danger in the southern and central portions of the state. This period of increased initial attack activity prompted a 5-day ban on open burning, the first such ban in several years. Despite the dry conditions, the state’s largest wild land fire was contained at 29 acres. Our statewide system of fire lookout towers is credited with keeping the fires small and saving several structures this season due to their quick and accurate spotting capabilities. Fires in the wild land urban interface damaged 10 structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wild land fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department and the state’s Forest Rangers by being fire wise and fire safe!

REPORT OF THE CAPITAL AREA FIRE MUTUAL AID COMPACT

This report is presented to the Board of Directors of the Capital Area Fire Compact as a general summary of activities for the calendar year 2005. This report is also forwarded to the governing bodies of the Compact's member communities for informational purposes.

The year 2005 brought growth to our mutual aid system. We welcome Chief Michael Williams and the Town of Hooksett Fire-Rescue Department to our system. Dispatching of Hooksett Fire-Rescue started on June 15, 2005, as did dispatching of Tri-Town Ambulance Service on the same date. Tri-Town provides Emergency Medical Response and ambulance transportation to our member towns of Allenstown, Hooksett, and Pembroke. The addition of these two services increases our available personnel and equipment resources.

With the above addition to our system, the Compact now provides service to twenty member communities encompassing 711 square miles of area with a resident population of 123,655. Mutual aid response is given to and received from several other communities and mutual aid districts. Delivery of emergency service varies daily by community, based on tourism, special events, weather, and other activities.

Fire and Emergency Medical dispatch service is provided by the City of Concord Fire Department's Communications Center directed by dispatch supervisor Captain Ernest Petrin. The increased staffing proposal outlined in the 2004 Annual Report was implemented in March of 2005. In addition to the supervisor, the Center now has eight shift schedule dispatchers and a minimum of two on-duty dispatchers is provided at all times.

All dispatchers participate in telecommunications training courses. Dispatched incidents in 2005 increased to 17,418 (up by 8%) for the 19 communities who were members since 2004. The total incidents for 2005 (including Hooksett and Tri-Town starting June 15) bring the 2005 totals for all 20 communities to 19,214 which is a 19% increase above the previous year. A detailed report by community is attached.

The timing of the addition of Hooksett Fire-Rescue to the Compact and the dispatch staffing adjustment has worked advantageously for all Compact members. The staffing levels were in place when the incident load increased, and the increased revenues have lessened the fiscal impact on current members. Most communities have seen some reduction in memberships costs approved for 2006 operations.

The Chief Coordinator responded to 215 mutual aid incidents in 2005, assists departments with incident management on major incidents, and handles the administrative functions of the Compact. He continues to participate on several state and regional committees that affect mutual aid operations.

Most Compact departments have received new digital mobile radios for their fire apparatus and emergency ambulances through the Homeland Security funding initiative. The second phase of the program is expected to provide portable communications in 2006. The intent of the program is to provide radio interoperability capability with other public safety agencies.

The 2005 Compact operating budget was \$ 759,256. All Compact operations, including the Chief Coordinator's position, office, command vehicle, and dispatch services are provided through this budget. Funding by the member communities is based on a combination of property values and population.

The following members served the Compact in 2005 in the following positions:

President:	Chief Stewart Yeaton, Epsom
Vice President:	Chief Ray Fisher, Boscawen
Secretary:	Past Chief Peter Russell, Hopkinton
Treasurer:	Firefighter John R. Burton, Bow
Chief Coordinator:	Chief Richard E. Wright, Loudon

Executive Committee:	Chief Stewart Yeaton, Epsom Chief Ray Fisher, V.Pres Boscawen Chief Richard Brown, Warner Chief Harold Paulsen, Pembroke Chief H. Dana Abbott, Bow Chief George Ashford, Northwood Chief Keith Gilbert, Henniker Chief Dale Caswell, Canterbury
----------------------	--

Dispatch Committee Chair: Chief Harold Paulsen, Pembroke

Training Committee Chair: Asst. Chief Richard Pistey, Bow

Central NH HazMat Team Chief Batt.Chief William Weinhold,
Concord Fire Dept.

The Compact Training Committee chaired by Assistant Chief Dick Pistey, with members Chief Mike Paveglio and Chief Shawn Mitchell assisted all departments in hosting at least one mutual aid training exercise during the year. Mutual aid drills involve several departments and test the system capabilities in fire suppression, emergency medical, mass casualty, rescue, hazardous materials, incident management, and personnel safety. We thank the Training Committee for their continuing support to the Compact.

The Central New Hampshire HazMat Team, comprised of all Capital Area and Lakes Region members continues to train bi-weekly and responds to 55 communities in our combined coverage area. The team operates with three response units and will welcome personnel interested in joining, training, and operating with the team. Through Homeland Security funding, the team received a "new" Hazmat response vehicle to replace the "used" 1989 unit. Most of the team financing is currently being obtained with federal grants. We also receive grant funds for education, training, and to support data collection of hazardous materials inventories reported by facilities in our operating area. We extend our

thanks and appreciation to all team members for their willingness to respond to these emergencies.

We encourage all departments to send representatives and actively participate in all Compact meetings. Your input is needed on all issues and your members need to be informed of Compact activities and planning.

Thanks to all departments for your great cooperation.

Please contact any Compact officer or the Chief Coordinator if we may be of assistance.

Respectfully submitted,

Dick Wright, Chief Coordinator

REPORT OF THE FIRE WARDEN

Although we did have a ten-day stretch without any rain and the burn index got very high we did escape without any serious burns. With the abundance of rain for the rest of the summer we were fortunate to not have many brush-fire calls. Our worst call was a mutual aid call to the Town of Hooksett.

Many people have called for burning permits and we will continue to issue them if conditions are favorable to burning at the time of the request. The State of NH has revised its laws in regards to open burning so that in the year 2006 there will be a few different questions asked when a permit is requested.

Respectfully submitted,

Ray Fisher, Fire Warden

ONLY YOU CAN PREVENT WILDLAND FIRES

REPORT OF THE LIFE SAFETY CODE OFFICER

This year I have worked a lot on bringing multi-family dwellings into compliance with NFPA 101, which is the State life safety code. A lot of positive changes have been made with some of the apartment complexes in our Town. The process is slow and sometimes expensive but in the end is much cheaper than a loss of life. Lack of inter-connected hardwired smoke detector systems and multi means of egress are two of the most common situations that are found.

Although this is not a pleasant job, it can be very rewarding if only one injury is prevented.

Respectfully submitted,

Ray Fisher, Life Safety Officer

LIFE SAFETY OFFICER BUDGET

Total	<u>\$3,548</u>	<u>\$3,368</u>	<u>\$4,115</u>

REPORT OF THE BUILDING INSPECTOR

We issued 102 building permits in 2005. Included in this number are 24 new homes and 3 new mobile homes. The balance was for garages, barns, decks and sheds.

Most people have been very cooperative with the many inspections I have done. Contractors are very familiar with the International Building Code as it is

used by a lot of towns and cities in our State. Some errors have been discovered and corrected; if they had gone undetected there may have been major problems in later years. The International Building Code manuals are in the Town Office and are available for anyone to use to look up information on building in our Town.

Respectfully submitted,

Ray Fisher, Building Inspector

REPORT OF THE BOSCAWEN PUBLIC WORKS DEPARTMENT

This past year, the Public Works Department has seen a few changes. After many year as Director of Public Works, Richard Hollins retired. Richard is helping with the Gage Street sewer project, which is coming to an end. Thank you to all the people in the area of the project for your cooperation and your patience. Our contractor, RD Edmunds, will be finishing up soon.

Tim Welch, a long time employee and friend, passed away this year. Tim is missed greatly by his fellow co-workers.

The North Water Street paving project was completed, with final paving and shoulder work. The next big road project will be River Road. This will be a major rebuilding of the road. Work on this project will start in the spring and will go on through summer. We plan on doing one mile of River Road this year.

Thank you to all the departments in Town for all the help they have given and thanks to the members of DPW for all they do, at all hours, day and night.

Respectfully submitted,

Dean A. Hollins, Public Works Director

2006 GAT of 138,461 and Net Budget of \$5,676,579 =	

Tipping Fee of \$41.00 per ton

We are happy to report to all member communities that 2005 marked our sixteenth complete year of successful operations. Some items of interest follow:

The 2006 budget reflects a tipping fee of \$41 per ton. This represents an increase of \$2.35/ton.

A total of 145,237 tons of Co-op waste was delivered to the Wheelabrator facility this year. This represents a decrease of 1,215 tons from 2004. This was the third time in sixteen years that the delivered tonnage actually decreased from the previous year.

A total of 62,171 tons of ash were delivered to the Franklin ash monofill for disposal. The ash landfill continues to operate very well. Phase III Stage V is being filled at this time. Phase IV construction has started and will be completed in the Spring of 2006. Phase IV will provide disposal capacity through 2009.

Negotiations with Wheelabrator concerning the extension of the Service Contract are near completion.

Preliminary planning continues for permitting a new landfill in Canterbury.

Boscawen representatives are:

Rhoda W. Hardy

Dean A. Hollins, Alternate

REPORT OF THE RECYCLING COMMITTEE

We've all been hearing lately about a proposed landfill in Canterbury for the Concord Regional Solid Waste Resource Recovery Cooperative, later called "The Coop." We've also heard that doctors in the Claremont area are asking for an investigation of the Waste Management incinerator there. And we all shudder! Could this happen here?

Most of us are generating solid waste every day and lots of us have a hard time changing our ways. The way things are packaged for sale is over-burdening our wastebaskets, and we hardly have time to breathe, much less take the time to separate our recyclables and store them until it's time to go to the Transfer Station.

Included with the February *Newsvine* is our new Recycling folder, which The Brodeur Group kindly put together for us. The Public Works Department has been working hard to keep the cost of disposing of our trash to a minimum. They work diligently to make it easy for us to recycle. And there's no doubt about it—many of us work just as diligently to ensure that only pure trash goes into the hopper.

But even though a lot of us are avid recyclers, there are lots of us who are not recycling all we can. Each year we have to tell The Coop how many tons of solid waste we will deliver. In 2000 we set our GAT, (guaranteed annual tonnage) at 2,500 tons, and it has stayed at that number since, except that during 2003 we reduced it to 2,300, and we stayed within that figure, but it was too close so we raised it again to 2,500. Our population has risen since that time, and it's only been because lots of us separate out our recyclables that we have been able to maintain this figure.

But we should be doing better. At a recent Board of Selectmen's meeting, with a few members of the Recycling Committee participating, it was decided to purchase Truck Scales that will enable us to weigh vehicles of almost every size. They will produce a printed weight slip inside the Transfer Station office automatically. We are also planning for a gate to close off the area where we bury demolition debris. These items will be purchased from the Recycling Fund, so will not affect our tax rate. At some point it may be necessary to calculate the amount of debris we are burying, and therefore, will need to weigh all vehicles entering this area.

The scales will also enable us to weigh materials we are sending for recycling: the cardboard, paper, etc., as well as the ground glass we use in building our roads. Before the scales are installed, we plan to tour other recycling areas in towns that are currently using this approach to see how they have set them up.

There is also a warrant article in the Warrant for the March 14 Town Meeting that says:

3. To see if the Town will vote to authorize the Selectmen to establish and implement a mandatory use fee system, such as a "pay as you throw" (by bag) program, with the revenue generated to be used to offset the cost of solid waste disposal.

With Pay as You Throw it might be that each household would be issued 52 free bags to start, with any household needing more paying for the extras. In other words, if you generate more trash, you would pay more.

The next day after the Selectmen's meeting, Charles Neibling, in a MY TURN article for the *Concord Monitor* said, among other things, that

"... I go to the transfer station and watch with frustration as nine out of 10 residents blithely toss their recyclables into the big bins headed for the incinerator, oblivious to the array of recycling choices a mere 50 feet away.

"As a taxpayer, I am tired of subsidizing those who either can't or won't take 10 minutes a week to keep recyclables separated, thereby reducing our tipping fees and everybody's tax burden."

He also said something else we hope is wrong: "I'm ready to do it now, but I'll wager such a proposal would go down in flames at our town meeting."

All of us can really do something about stemming the rising cost of solid waste disposal. If you go to the Transfer Station, only put into the hopper items that truly CANNOT go somewhere else. If a hauler takes your trash to the Transfer Station, ask if you can put your recyclables in a different colored bag so that they can be put in the appropriate area. If this isn't possible, can you collect your recyclables and take them yourself once a month, or maybe ask a friend or relative to take them for you?

And come to Town Meeting on March 14th and vote for the passage of Article 4. It's the right thing to do!

Respectfully submitted,

THE RECYCLING COMMITTEE

REPORT OF THE PUBLIC WORKS COMMISSION

The Public Works Commission continues to be a screening board and advocate for the Town's Department of Public Works and its projects both ongoing and proposed.

Staffing changes have been a major factor since last March. Dick Hollins, after many dedicated and productive years with the DPW has retired, but still is on the site of the Gage St./Jackson St. area keeping an eye on the ongoing reconstruction there. Dean Hollins has been on the job as Public Works Director for a year now and it may feel like 10.

New hires and departures: the most telling loss was Timothy Welch, longtime and extremely valued member of the team who collapsed and died on the job in July. New members being Jason Smith, Mike Broas and most recently a valued former employee has rejoined as an equipment operator, Joel Lorden.

The proposed connection of the King Street sidewalk with the North Main Street sidewalk may finally be approaching actual construction. This project is scheduled for actual construction during 2008 and will enable us to avail ourselves to Federal funding of up to \$428,000.

Discussions are ongoing concerning improved access from River Road to the Rte 4/King Street. Limited access roads, as this by-pass is, are very difficult to gain entry to but we are trying to gain a good entrance to enable closure of an unsafe one at the Crete Farm.

The Sewer/Water project is still progressing, as the residents of the affected area are very well aware. We have been most fortunate to have our un-official official on the site to make sure that this project is completed in a satisfactory manner. Take heart residents, final paving is to be done this (2006) summer.

As many of our North Water Street area are well aware, the final paving of the road was completed in time for the fall drag strip season. The road has been very well done; it does not have the appearance of a super highway but does have the advantages of good grading and surface.

PLEASE REMEMBER TO RECYCLE

Respectfully submitted
Ted Houston, Chair

REPORT OF THE CEMETERY TRUSTEES

Again it has been a usual year and we have met as necessary at the Town Office. We fertilized Pine Grove and Beaver Dam Cemeteries. It is looking better, but we will do it again in 2006.

We again contracted to have stones straightened and repaired but inclement weather put them behind schedule. We have been assured they will get at it in the early summer.

Henrietta Kenney trimmed the bushes and shrubs at Pine Grove in late October. Trimmings were to be picked up when the fall raking was done. We

lost our able cohort Beverly Welcome when she moved to Fisherville. Sherman Stickney has agreed to come on board to help us.

There are no winter burials now. The present shrubs and bushes have been documented as no new permanent plantings are to be made. Perpetual care is to mean — grass mowing and trimming, removal of leaves and natural debris and to maintain ground level over the graves.

Dean Hollins must be contacted about stone placement. Please feel free to contact us if you have any questions or problems.

Respectfully submitted,

Henrietta I. Kenney
Dorothy W. Sanborn
Sherman Stickney

REPORT OF THE HEALTH OFFICER

Last year proved to be a very busy year. There was a large increase in calls for issues involving EEE and West Nile Virus. I expect that this problem will continue this year. We are also faced with the possibility of the “Bird Flu”. Any information on these subjects can be picked up at the Town Office, or call me and I will get them to you. We all need to be aware and do our part to help out, including removing any standing water on your property.

Also, as a reminder, daycares and babysitters need to be inspected and licensed, depending on the number of children. Please call if you are unsure and I will help you thru the process.

If you have any health concerns within the town of Boscawen, please feel free to call me at either the town office (753-9188) or my home (796-2590) and I will be happy to answer any questions and/or make an appointment to meet with you at a mutually convenient time.

Respectfully submitted,

Philip I. Mitchell, Jr., Health Officer

REPORT OF THE TRUSTEES OF TRUST FUNDS

It has been a challenging year to find interest rates that reflect the growth of the government’s prime lending rate. Interest for our cash accounts, in particular the capital reserve funds, stayed at around 1.5%. Our CD rates have shown incremental increases, ending the year at 3.5%. All in all it is encouraging that we have been able to at least hold our ground while in June the *Concord Monitor* was noting that rates for this region had fallen below those available in 2004.

Spending for the year consisted of \$20,303.43 for the Police Department’s roof, \$20,477.49 for the newest fire truck, and \$4,108.87 from the Kay Schneider fund for the re-location of the library. Besides the usual capital reserve deposits as voted on during Town Meeting, an additional \$2,790 was

placed in the Highway Heavy Equipment Fund. A total of \$1,650 was received for cemetery plots and has been placed in the perpetual fund accounts for the following:

Donald and Marguerite Silver

Tim Davis

Leslie Richard Hanson

Michael Roy

Tammy Dukette

Our investment policy has been updated to include provisions for any stock donations the town might receive.

Respectively submitted,

Tracy Bartlett

REPORT OF THE HUMAN SERVICES OFFICER

Human Services Office conducted 250 interviews. There were 72 families assisted. A total of \$14,535.43 was spent this past year in assisting families and individuals.

The Town Food Pantry is very active and available to anyone living in Town. If you or anyone you know can benefit from this please call (753-9188) or stop by the Town Office and someone will help you.

I want to thank everyone who has helped this office with donations of food, time or money; USDA, Capital Region Food Program, Boy Scouts Collection, The Cooperative Extension, Hannaford's and Market Basket, it has been greatly appreciated.

A special thanks to Tina Larochelle and to the Public Works Department for the large part they have in helping this office. Your assistance has been invaluable and greatly appreciated.

A very special thanks to all who assisted in getting the Holiday Baskets out; your help was greatly appreciated; I could not have done it without you.

I want to thank Doris for jumping in and helping out when I am out of the office. You are one in a million!!

Respectfully submitted

REPORT OF THE BOSCAWEN CONGREGATIONAL CHURCH

The Boscawen Congregational Church has been an integral, active part of the community of Boscawen for over 260 years, since its founding in 1740. As a centerpiece at the junctions of Routes 3 & 4, townspeople greet the church in the morning and evening during their morning commute. Many townspeople also experience a rare New England relationship, like Town Meeting, where church and state come together, under one roof – the Church upstairs and the Town Hall downstairs. Visual examples of the physical presence of the Boscawen Congregational Church in our community.

However, there's another less visible role that the Church performs within the Town of Boscawen, each and every day. At a recent meeting with the Board of Selectmen, it was suggested that perhaps the Boscawen Church should include their first annual report to the townspeople regarding the services provided to those in need within our community. We thought it was a great idea!

In 2005, the Church through its mission and outreach within Boscawen provided the following services to townspeople in need.

- The Food Pantry building, formerly the Selectmen's Office and the Planning & Zoning Building, is busy with activity. Over \$3,500 was spent on supplies for the food pantry. Many residents use the food pantry for assistance each month. We track statistics such as number of households served; total number of individuals; individual counts are then broken down further by number of children and elderly; and lastly total number of meals provided. The Boscawen Church Food Pantry statistics, on a monthly average, are as follows:
 - 34 households served
 - 95 individuals
 - 32 children
 - 13 elderly
 - 1651 meals
- The Berry Discretionary Fund provided monetary assistance to townspeople totaling over \$3,000 directed specifically for rental assistance, temporary lodging, utilities, medical assistance, etc.).
- A monthly "Souper Supper" is prepared and served to the families who visit the food pantry.
- 66 Thanksgiving baskets, consisting of a turkey or roasting chicken and all the "fixings," were given to families in town
- A Medical Loan Closet is maintained to allow townspeople to borrow home medical supplies, such as a hospital bed, wheelchairs, walkers, commodes, bathroom handles, shower stools, etc.)
- The Boscawen Police Department runs the annual Toys for Tots program. Each year a special offering is taken by the Boscawen Church to raise funds for this worthwhile program.
- In December, a special offering is collected for Angel Tree. Through the Angel Tree offering, Christmas presents are purchased for the

children of individuals currently housed at the Merrimack County Jail.

In 2005, Christmas gifts were purchased for six children.

Townpeople may also be interested to know that in addition to our local outreach, the Church also hosted a special supper raising over \$1000 for Hurricane Relief.

The Town and the Church have a great relationship, working cooperatively throughout the year. As needs arise, we will continue to do all that we can to help.

Peace,

Ron Reed, Vice Moderator

REPORT OF THE PLANNING BOARD

It became evident early in the year that 2005 was not going to be “business as usual”. Each month’s agenda was full of interesting and thought provoking applications. Some were ongoing continuations for major subdivisions, while others were less complex and for more typical minor subdivisions.

In all, the Planning Board approved 5 Minor Subdivisions and 2 Major Subdivisions representing 14 potential new housing units. Additionally, we approved 12 Lot Line Adjustments, 3 Lot Mergers, and 4 Business Site Plans. We also reviewed Gravel Permits and conducted several site walks to help determine the feasibility and impact of each Subdivision application.

Boscawen is precariously perched at the northern edge of the projected growth arena of Southern and Central New Hampshire. According to the most recent Municipal Population Projections document prepared by the OEP (Office of Energy and Planning), Merrimack County’s population is expected to increase 41,380 people by the year 2025.

The projections for Boscawen as shown in that document are as follows:

2003 – 3,790; 2005 – 3,990; 2010 – 4,460; 2015 – 4,740; 2020 – 4,940; 2025 – 5,100.

Of the 41,380 people expected to move into Merrimack County, Boscawen is projected to grow by 1,310, an increase of nearly 35%! Between 2003 and 2010 expected growth is 670 people.

As of the closing of the last Planning Board meeting in December 2005, applications under review are for over 80 new home sites. We are aware that two additional parcels of 250+ acres each are under consideration for development by new buyers.

Working within the confines of the existing Zoning Ordinance, the Board is exercising all due diligence in the preservation of the rural character of the Town of Boscawen. While addressing the need to accommodate the expected growth at our doorsteps, we are mindful of the delicate balance of preservation of open space and Historical Resources against increases in the demands on our infrastructure including water supply, sewer system, roads, and road maintenance. As we continue to grow, we must plan to increase our road equipment inventory as well as the operating staff. Major concerns are the creation of recreational facilities and the impact on schools as well as the safety of our citizens in accessing their property from the busy U.S. and State

Highways traversing our Town. School children must have safe conditions for boarding school buses. The Police Department, Fire Department, and Rescue Squad are all going to be substantially impacted.

The burdens on the Board are escalating with the increase in Subdivision Applications. The Board has created and adopted a new Application Packet using a more comprehensive checklist format. In conjunction with the Zoning Board of Adjustment and the Board of Selectmen, the Definitions portion of the existing Zoning Ordinance has been restructured, and is on the Town Warrant for voter approval. These changes in the Definitions section will aid in the better use of the current Zoning Ordinance in the future. The Zoning Ordinance updating must continue to be an ongoing focus of the Boards to make it a better tool for managing future growth.

It is my greatest privilege to serve with the wonderful panel of volunteers who comprise this Board. Each person brings a special perspective from their own life experiences to affect decisions, doing their best to be fair to the applicants as well as serving Boscawen residents. We currently have a full complement of regular members, but are interviewing for alternates. I cannot give enough credit to the Planning and Zoning Secretary, Deb Wentworth. Without her conscientious efforts, our responsibilities would be much more difficult to fulfill. The Town staffs and members of the other boards all serve as important parts in the operation of the Town of Boscawen.

This is your opportunity to be a part of the future of Boscawen! It is your Town. Public hearings are held on each accepted application before the Board votes to approve or deny and public input definitely influences the Board's decisions. Attend the meetings, held the 2nd Tuesday of each month, and voice your opinion and feelings of where and how to accommodate the projected growth. Come do your part and you will make a difference.

Respectfully submitted,

Noreen Powers, Planning Board Chair

REPORT OF THE ZONING BOARD OF ADJUSTMENT

This is my first opportunity to report to you as Chair of the Boscawen Zoning Board of Adjustment. Lyman Cousens, who has been our Chair and has led the Board for many years, stepped down from the Chair position but accepted the responsibilities of Vice Chair this year. I wish to thank Lyman for his many years of dedicated service as Chair and look forward to his continued service to the Zoning Board of Adjustment and the Town of Boscawen. We have all benefited from his leadership and wisdom.

The Board is made up of five regular members and as many alternates as the Board of Selectmen appoint. During 2005, the regular members were Lyman Cousens, Gail Devoid, Alan Hardy, Sandy Hodgdon and Roger Sanborn with Nate Atkinson, Tony Fontaine and Diane Littlefield as alternate members. Nate has left the Board this last year and we hereby thank him for his years of service to the Board and the Town. During 2005, the Zoning Board of Adjustment in

concert with the Board of Selectmen and the Planning Board decided to create an alternate seat on the Zoning Board of Adjustment to be filled by a volunteer member of the Planning Board. Noreen Powers, Chair of the Planning Board has volunteered to fill that seat. We thank Noreen for her commitment and welcome her to the Board.

As a quasi-judicial body, it is the responsibility of the Zoning Board of Adjustment to review requests for individual and business uses within the Town. The applicant's needs or desires are considered in accordance with the Boscawen Zoning Ordinance and recent case law. We hear appeals in one of three areas: 1. Administrative Appeals; 2. Special Exceptions and 3. Variances. Our decisions are arrived at after hearing the testimony of the applicant, their neighbors, citizens of Boscawen and in some cases, numerous officials and experts. You can be certain that we take our responsibilities very seriously.

As you may be aware, during 2003 and 2004 a committee worked on a comprehensive update to our aging Zoning Ordinance. Last year at Town Meeting, the voters defeated that update. A joint committee from the Planning and Zoning Boards has continued to work on putting before the voters recommended updates to the Zoning Ordinance. Please take the opportunity to attend the public meetings and hearings. I urge you to understand what the committee is proposing for the future of the Town of Boscawen and support the update with your favorable vote at Town Meeting.

There are also several staff personnel who support the Zoning Board of Adjustment whom I wish to recognize. Deb Wentworth, Planning and Zoning Secretary; Maureen Jackson, Zoning Officer, Ray Fisher, Fire Chief, Life Safety Officer and Building Inspector; Police Chief David Croft; and Dean Hollins, Public Works Director. It goes without saying that throughout the year we are supported by Sherlene Fisher, the Board of Selectmen and all Town personnel. Finally, Jim Raymond, Esquire, Upton & Hatfield, has been a valuable resource in assisting the Board members to more effectively carry out their responsibilities to the Town.

Respectfully submitted,

Alan H. Hardy, Chair

REPORT OF THE ZONING OFFICER

2005 was a very busy year and looking ahead it appears that 2006 will be even busier. There has been, and will be a lot of new challenges to deal with, but with each new problem that comes before me, I am well prepared to resolve any obstacle that may evolve.

I wish to thank our Office Staff, members of the Planning and Zoning Boards, Code Enforcement and our Selectmen for their dedication and support. We all work together to keep Boscawen a desirable place to live!

Please remember that it is necessary to obtain a Zoning Compliance Certificate before attempting any type of construction.

You're only allowed **ONE** unregistered and un-inspected vehicle on your property.

If you violate any of the Zoning regulations you can be fined up to \$275.00 per day!

REPORT OF THE BUDGET COMMITTEE

The Budget Committee held two meetings this year, on January 25, 2006 and January 30, 2006.

The total amount for the operating budget for 2006 is \$2,770,127 excluding warrant articles. Overall, actual expenditures were under the budgeted amounts for 2005, however the 2006 budget was more than the 2005 budget by approximately 12%. 7% of this increase is for salaries in all departments. This increase consists of a cost of living increase of 4% and a merit increase of 3%. The remaining 5% increase in the budget is attributed to additional equipment, utilities, personnel and contractual services needed in various departments.

January 25, 2006:

The first department reviewed during the January 25 meeting was the General Government Executive Department. It was decided to increase the selectmen's pay to \$15,500 from \$8,963. The reason for this is the increased amount of time required to be spent by the Selectmen. This amount was supported by the budget committee. The line item Contractual Services was increased as well to \$46,174 in order to level the budget over the next 3 years for assessments. There was a decrease in the amount required for equipment in 2006 because much of the new equipment needs were met last year.

Next we met with Dean Hollins from the Public Works Department. Salaries in the Public Works Department have been adjusted to change two of the employees from Laborers to Equipment Operators. Bill Heinz was also present and reported that he has done extensive research for the Water Precinct and has discovered that there will be larger increases in electricity than originally anticipated with most of our budget areas. As a result, it was decided to increase the original budget request for street lighting from \$14,500 to \$16,000 and utilities from \$5,000 to \$6,000. In addition, there were increases in some department's utilities' budgets for Internet access that will be required. Materials and supplies increased in the Public Works budget because of the need for more road oil on Queen Street and Corn Hill Road. The budget for new construction this year is \$100,000 to begin a full reclaim and paving of River Road with 1 inch of hot top. This will be a four to five year project in total. There is also a warrant article for the Public Works department to add \$10,000 to the Capital Reserve Fund for Highway Heavy Equipment.

Chief Croft from the Police Department was next on the agenda. The Police Department currently does not have a Corporal but instead has an additional Patrolman. There is currently one officer at the police academy and two others scheduled for later this year. In addition there is a warrant article for a new police cruiser to replace the 1999 cruiser. The warrant article is for \$26,000 in a 3-year lease/purchase with an escape clause.

January 30, 2006:

The Fire Department was first on the agenda for January 30. Their budget for utilities is \$10,000 this year partially due to a new requirement by the State

to send all of their data electronically, requiring a new Internet connection. The committee also agreed to lower the budget on maintenance by \$500 to offset some of this.

Todd West, Chair of the Library Trustees reviewed with us plans for moving the two existing library branches to one facility above the Police Department in the Municipal complex. The budget for 2006 is difficult to estimate because they do not have a clear picture of the cost to run the library in the new facility. They have plans to move by mid to late August. They will use the funds available in their treasury and are planning to do some fundraising to help defer the cost of remodeling and moving.

Remaining departments were presented and approved. The line item for Personnel Administration includes all of the employee fringe benefits and payroll taxes. This item has increased partially due to an increase in health insurance coverage of 8%. There is a new category in the budget for Capital Outlay. This consists of leased items and new fixed asset purchases that have been removed from their original departments and placed here because of new accounting requirements. Planning and Zoning has re-budgeted \$6,000 for printing/mapping to update the maps of the town.

A draft copy of the warrant articles was discussed next. The majority of warrant articles are repeated appropriations from prior years to various organizations. New warrant articles include an article to help pay for re-paving the church parking lot also used by the Town; and to install a canoe/boat ramp at Jamie Welch Park with the help of a grant from the NH Department of Environmental Services. The budget committee was in agreement with the selectmen on the warrant articles.

REPORT OF THE LIBRARY TRUSTEES

The year 2005 has been a busy one for the library trustees. In the Spring, we were able to hire a library consulting firm to evaluate the long term library needs of the town, and to see if the space offered by the selectmen, over the police station, could fill those needs. The consultant met with a committee of interested townspeople, a town wide survey was conducted, and by July we had the results. The recommendation was that we accept the space being offered and combine the two small libraries into that facility. This would solve our space problems, give us adequate and safe parking, be fully accessible to handicapped persons, have modern restrooms, and utilize an underused piece of town owned property.

In August, the trustees held a public meeting to discuss the proposed project, and then they voted to proceed with the project.

Throughout the Fall and early Winter, we have been busy meeting with architects and building contractors and the Selectmen in an effort to get this project going. We have selected an architect and building contractor and construction will commence during the first week of January 2006 with an estimated completion by mid-Summer. The really good news is that the majority of this project will be paid for without adding to your tax rate. The trustees plan to do some private fund-raising but have the bulk of the renovation costs.

In July, Barbara Keegan, our long time Librarian, decided to retire after many years of dedicated service. Somehow, saying thank you doesn't seem like enough for Barbara after all the unpaid hours and volunteer time she put in. I'm going to say it any way, on behalf of the Library Trustees, Thank You, Barbara.

We have hired a new Librarian, Eileen Gilbert, and we invite you to come into the libraries and meet her. She has a big job ahead of her, especially with combining the two libraries into one, but we believe she is up to the challenge. We ask that you support our task of improving the libraries by volunteering if you have the time. Eileen has a long list of tasks that she could use help with over the next few months.

We have many new large print books, books on tape, DVDs, videos, and books for adults as well as children. We appreciate all of the donations and thank all of our volunteers as well as our small staff. We hope to see you soon at the library.

Respectfully submitted,

Todd West, Chair

*Town allocates to Library

REPORT OF THE BOSCAWEN CONSERVATION COMMISSION

The Conservation Commission (BCC) submitted to the NH Department of Environmental Services a pre-application for a Watershed Assistance Grant to support improving the Merrimack River Access at the Jamie Welch Park. In December, the Commission and Selectman, Ed Maloof met with the DES and was then invited to work with the DES to submit a full funding proposal. The Commission is working with the Board of Selectmen, Parks and Recreation Committee, and Public Works Department to draft a refined proposal and work with the DES to implement the project. The proposed project will improve car top (kayak and canoe) access while assuring that the river will not be polluted with eroded soil and runoff.

The BCC awarded its first Boscawen Conservation Scholarship to Shawn Jackson at the Senior Awards Night ceremony at Merrimack Valley High School. Ms. Jackson plans to pursue a degree in wildlife veterinary sciences after a year of independent study in New Zealand. This year, the BCC will again offer the small scholarship to Boscawen residents who are pursuing a career in natural resource conservation. Information on both the college scholarship and conservation camp will be announced in the "Conservation Corner" in the *Boscawen Newsvine* and will be posted on the BCC website.

The BCC hosted two events in your Boscawen Town Forest this year. In January and February, the BCC guided visitors on skis and snowshoes through the forest by moonlight. In October 2004, the Commission provided visitors with a tour through the Boscawen Town Forest from Weir Road and through the Dagody Hill and Hirst Marsh areas. Those on the walk spotted a bear, looked at a diverse population of mushrooms, and enjoyed a crisp morning along with cider and donuts. The Commission renewed permission for two Geocaches in the forest. In May, Merrimack Valley High School students worked at the Town Forest as part of their community service day. Students and teachers cleaned the trailhead area, brushed trails, and performed other maintenance. The Commission extends its gratitude to the faculty and students for their ongoing support. Wesley Niebling volunteered to refurbish the trailhead sign. The Commission thanks Wes for his initiative and excellent work.

The Commission has been working with FORECO on a 2005-2006 timber harvest and wildlife management prescriptive cut in the Town Forest. Unfortunately, the hemlock market has fallen so the harvest is delayed. This year, the Commission will order a third printing and revision of the popular *Interpretive Nature Trail Guide*. The *Guide* is available at the Town Office and the trailhead at the Town Forest. The *Guide* can be downloaded at boscawencc.org.

The Commission reviewed and commented on numerous permits and a variety of proposals and responded to requests for inspections including applications for sand and gravel pit operations, wetlands dredging and filling, alteration of terrain, land clearing, and numerous residential minor and major subdivision applications and proposals.

The Boscawen Conservation Commission has a new and permanent home on the Internet. Please visit the Commission at boscawencc.org. The Oxbow Initiative presented information on the proposed Canterbury landfill. Norm LaPierre participated in a trails maintenance workshop. The BCC contributed to the NH Fish and Game Department's Locked Antler exhibit. The exhibit features two preserved

bull moose that died in a struggle when their antlers locked. The Commission plans to host an open house with the exhibit and presenters.

The Commission continued to monitor the Land Conservation Investment Program Cummings and Jones easements. The stewardship of these landowners not only makes the Commission’s work a pleasure but also provides Boscawen residents and visitors with beautiful places to view and on which to hike, hunt, and to enjoy.

Each month a different member of the BCC writes an article featuring different activities of the Commission and other natural resource issues for the “Conservation Corner” column in the *Boscawen Newsvine*.

The BCC welcomed new member Ernie Jones to the Commission. In May, the Commission elected the following slate of officers: Michele L. Tremblay, Chair; Michael Jette, Vice-chair and Treasurer; and Mark Ciarametaro, Secretary. After many years as a regular member and serving as Secretary and then Vice-chair, Ray Powelson stepped aside as a regular Commission member but will continue to serve as an alternate. The BCC thanks volunteers Bill Caswell and Chris Lawrie for participating in meetings and taking a lead on trail work in the Town Forest. Laura Lane provided administrative services under contract to the Commission in 2005. Laura retired this year and the Commission expresses its deepest gratitude to Laura for her support to the Commission.

Regular and alternate membership on the Commission is open to all town residents. Associate membership is open to anyone who does not wish to commit to full membership on the BCC but wants a more formalized affiliation. Associate members and other individuals are welcome to attend meetings and serve on sub-committees. The chair extends her sincerest gratitude to the Commissioners who provide the energy, ideas, and leadership for its work.

The Boscawen Conservation Commission meets in the Town Office Complex on the fourth Thursday of each month at 7:00 PM. The meetings are open to the public and all are welcome to attend. Volunteers are always invited to help with trail work, serve on sub-committees, and participate in other conservation activities. As always, the Commission thanks the citizens of Boscawen for their support of conservation. Your ideas and feedback are welcomed and encouraged. For further information on the Commission or to provide your feedback, please call Michele Tremblay, Chair at 796.2615, email the Commission at boscawencc@tds.net, or visit the Commission at its new and permanent home at boscawencc.org.

Respectfully submitted,

Michele L. Tremblay, Chair

REPORT OF ECONOMIC DEVELOPMENT COMMISSION

The EDC is in the third year of operation and we continue to work toward a better business climate in Boscawen.

Some new small businesses have located in Boscawen and other existing businesses have relocated in Town. However, overall we have not seen business growth in Boscawen in the past year. Some employers have moved out of Town while others have ceased operations. One business will move out of Town this spring after looking for a place to expand in Boscawen and finding nothing suitable. I am truly sorry to see a fine company leave Boscawen simply because we did not provide for their needs. According to the Master Plan there are far fewer jobs available in Boscawen than there are workers, we must remember that to have employees we must have employers. Business growth is the way to provide new employment and economic opportunities for the citizens of Boscawen.

While there are various reasons for a lack of business growth in Boscawen, one reason that stands out clearly is a lack of commercially or industrially zoned property. There has been no land rezoned to commercial since the late 1980's and our industrially zoned acreage was reduced considerably by the conservation easement on industrial land on River Road. To my knowledge there is no current planning being done to replace this loss or to rezone any property for commercial uses.

The Master Plan was recently completed as a vision for our future. Economic development was identified specifically in the Master Plan as vital to the future of Boscawen. However, without areas planned and zoned for business or industry are we really providing for the future of Boscawen and the prosperity of the residents? I sincerely hope that in the coming years we will, as a community, begin to plan for a better economic future for all Boscawen citizens.

Respectfully submitted,

Bill Murphy, Chair

REPORT OF THE OLD HOME DAY COMMITTEE

What can we say, except that it was, once again, a great Old Home Day Celebration. One person was heard to say, "it couldn't have been better," and so it seemed. Our theme: "It's Mardi Gras Time!" was evident throughout the week. Our week kicked off with an Old Fashioned Ham and Bean Supper put on at the Town Hall by the Boscawen Congregational Church on August 20th. And delicious ham and beans they were!

August 23rd saw us at the NH Art Association grounds for something old and something new: as they have for many years, Elektrisola sponsored the fantastic show of our artists' works. Young and old exhibited their artwork in an extravagant display in the barn, and we couldn't help wonder if Omer and Louisa Lassonde were looking down as we enjoyed just the kind of event they

would have hosted at their home. The something new was the Summer Breeze Steel Drum Band from Troy and Fitzwilliam directed by Elaine Merrifield. They delighted us with their music with overtones of the Caribbean, and it was an enthusiastic crowd that stayed until the very end of their performance. One of the performers was Diane Hardy, who had grown up in Boscawen, and during her time at the Boscawen Elementary School had participated in the art displays and had taken oil painting lessons from Betty Blake, long-time Boscawen resident. Elaine and Diane are music teachers in the Monadnock School System. Laurie Harte, Jane Lessard, Laura Lane, Jen Renfors, Siesonn Fontaine, and Catherine Snyder had done their usual great job of organizing this event, and did lots of "behind the scenes" good work. We also heard that Eileen Pucci from Franklin Savings had helped with the judging.

The Announcement of Outstanding Citizens Tina and David Larochelle; Hometown Hero Marie Cummings; winner of the Helen Award Anne Hardy, and the New Educational Award in memory of former Committee Member Sadie LaCroix, Barbara Keegan, former librarian, who had retired recently.

Abbey Weeks kindly consented to show her artwork and had a wonderful display in the house. Abbey is a 2nd year nursing student at the University of Massachusetts. She attributes her love of art to her teachers at Boscawen Elementary, Merrimack Valley Middle and High Schools and at NH Art Assoc. Her favorite medium is cray-pas, which is a form of pastel oils. She has won many awards with her art, and they were also on display.

Two days later, the Golf Classic Committee of David Croft, Pam DeSantis, Lynne Davis, Craig Saltmarsh, Jon Jones, from Franklin Savings Bank and members of the BOHDA put together the 10th Annual Golf Classic that brings in much-needed and appreciated funds for our Old Home Day activities. For the first time, the tourney featured a Hole in One Contest, sponsored by Davis & Sons Auto Body at the Third Hole. The car (or \$12,000) that would have been awarded was a 1987 Bright Red Corvette! Maybe next year!

A change this year was that the Parade started at 11 am (an hour later than usual) and was great for everyone who attended. Some day, maybe we'll figure out how the committee can get to see the parade! We were delighted to have the Merrimack Valley High School marching band in the parade as well as the Baker Valley Band and other organizations and town departments represented.

The Library had a book sale, we had helicopter rides at Jamie Welch Field, the Art Contest Exhibit was open all day, park activities began at Community Park at noon, and we had vendors under the tent there, also. Children games were popular, Tony Martin gave hayrides, and the Flag was raised at the Helen Houston Memorial Flagpole with the playing of the National Anthem and Pledge of Allegiance by all. Baker Valley Band Concert was wonderful background music for lunch at the Park.

We were glad that Chet Ham, Chet Rousseau and others organized for the 2nd year, the John Huckins, Sr. and Bernie Davis, Sr. Memorial Horseshoe Tournament at Jamie Welch Field. They're already planning with Ernie and Doris Jones on another great tournament in August.

The 3rd Annual Pet Contest found pets dressed up for Mardi Gras, and following the awarding of Pet Contest and Parade Prizes; there was a Softball Game organized by Dr. Matt Masewic with Penacook Rescue Squad and others. We were glad that Dr. Matt got this organized and hope this will be an annual event. We thank him and all the others who help us each year to celebrate!

The Historical Society had their ice cream social, and many people toured their Museum. The delicious Chicken Barbecue and Pig Roast was run by Charlie and Kathy Jaworski with help from Bernie Davis, Jr. Jim and Sue Richardson, once again, provided Apple Crisp with ice cream; some folks come to the BBQ just to get Apple Crisp, so they say!

The fireworks were spectacular at 8:00 pm and were enjoyed by many folks, some viewing from across the river in Canterbury, some from the Hannah Dustin parking lot, and some from Windyghoul! In August, most activities will take place at Jamie Welch Field.

As this report is being written, the temperature is hovering just above zero, after having been 50 degrees on January 14, the day before. But the cold weather doesn't stop the fact that the Old Home Day Committee is making plans for next August.

There's no doubt about it—Old Home Day does show the community spirit that Governor Rollins talked about when he “dreamed” up the idea of Old Home Days.

Tell us what you liked and what we can do better. Even better, come to our meetings (usually the 3rd Monday of each month) and help us plan for August 26, 2006! Will we see you there?

Respectfully submitted,

Donna Judd, President for the committee

REPORT OF THE PARKS AND RECREATION COMMITTEE

We had another great summer at the Boscawen Park Program. Mike Cook, Chelsae Meier, Josh Marshall and Brandon White returned as counselors.

We had over 90 kids registered this summer and our daily attendance was between 35 and 45 kids.

We took our weekly fieldtrips on Fridays. We went to White Lake State Park, Lake Sunapee State Park, Ellacoya State Park Wellington State Park and Hampton Beach State Park. We ended the summer with our trip to Surf Coaster. The kids really enjoyed these trips.

We did arts and crafts several times a week, some of the crafts were pet rocks, mosaics, rain sticks and we tried to make sand castles with the sand we collected at Hampton Beach.

The favorite outdoor game we played this summer was Capture the Flag with safety spots. We also played Frisbee golf, kickball and many outdoor games.

Thank you to all the parents that donated things to camp. It was greatly appreciated

See you next summer.

Respectfully submitted,

Lori Cronan, Parks & Recreation Director

REPORT OF THE BOSCAWEN HISTORICAL SOCIETY

2005 was an exciting year for the Boscawen Historical Society. Our genealogy project is off the ground! At our annual meeting in November, Cynthia O'Neil introduced us to the sources available to the public, and how to go about accessing the information. Already, the Historical Society has been able to assist a family in obtaining many records and photos from the Boscawen and Canterbury area, to help them with their research.

This is our first season with the climate control in operation – keeping our collections from the extreme hot/cold of the New Hampshire weather changes. We also now have more electrical outlets available so we can illuminate our displays for public viewing.

Our annual Flea Market “Christmas in July” was a success. Thank you to all the crafters and local residents who participated in the day's activities.

August's Old Home Day's ice cream social continues to serve as a way to cool down from the late summer sun, and from all of the fun of the Old Home Day's activities. The museum was open throughout the day, and many visitors came through the doors to either reacquaint themselves as former students of the academy, or to be astounded at the full and rich history of Boscawen.

We have recently been approached by the NH Historical Society to be a part of their survey of statewide historical society members. Information such as what aspects of history interest you, what speakers, programs, technical workshops, etc., would be helpful to us, and what were the reasons that made you become interested and to participate in the local historical society. The responses will be compiled by the University of New Hampshire's survey center.

The survey results, funded by the NH Charitable Foundation, will be used to establish a stronger support system between the NH Historical Society and all of New Hampshire's historical organizations.

Within the BHS Board meetings, beginning in February, we will keep you posted on the progress of this survey. Local historical highlights will be brought into the 21st Century technological world!

Best wishes for a happy, healthy and safe 2006 from all of us at the Boscawen Historical Society.

Respectfully submitted,

Susan Smith, President

REPORT OF THE PENACOOK RESCUE SQUAD

I want to wish everyone a happy anniversary and a special thank you to all who have supported Penacook Rescue during our 50 years of service. It is hard to believe Penacook Rescue has been serving the Boscawen and Canterbury communities for 50 years. This long and honorable history was celebrated this year at Alan's Restaurant in Boscawen with special presentations by the Bureau of EMS, Capitol Area Compact, and the Governor's Office. Past members from around the United States flew in for this memorable occasion. Deputy Director and Paramedic Shawn Brechtel of Boscawen was awarded the Medal of Merit for his outstanding skills, leadership and the impact he has made on the lives and families in our community.

Penacook Rescue continues to serve the Towns of Boscawen and Canterbury by providing emergency services with a mix of paid per-diem employees during the weekdays (Monday through Friday, 7am to 5pm), and our dedicated volunteer staff for evenings and weekends. We also provide mutual aid to the surrounding towns of Webster, Salisbury, the City of Concord and others in the Capital Compact. In 2005, Penacook Rescue responded to 591 calls, which is an increase of 12% (64 calls) from 2004. We also supported events across the area to include school visits, town celebrations, and the First Aid booth at the Hopkinton State Fair and Highland Scottish Games.

I want to offer a special thanks to the volunteers of Penacook Rescue and their families who give so much so that Penacook Rescue can provide such a valuable service to its communities. It is this dedication and professionalism that won Penacook Rescue EMS Unit of the Year 2005 for the State of New Hampshire. Great job and thank you to all for such a memorable and successful year!!!!

Respectfully submitted,

Richard F. Oberman, Director

REPORT OF THE PENACOOK COMMUNITY CENTER

The Penacook Community Center has had a very busy 2005 and we would like to extend a sincere thank you to all of the Friends of the Penacook Community Center who have donated their time, effort and money to further our mission of improving the quality of life for many area residents! We'd like to send a special "Thank You" from the very appreciative little friends, seniors and staff at PCC to the 28 Employees from Elektrisola, Inc in Boscawen who teamed up to participate in the United Way Annual "Day of Caring" and chose Penacook Community Center as their site for Community involvement. These caring employees gave of their time and knowledge and worked together to give PCC's childcare programs a sorely needed face lift! They painted the interior of our Busy Bees building, built a large new sand box in our play yard and filled it with sand, assembled our "gyminee" in the playground, built a new walkway between two of our childcare buildings, removed and replaced ceiling tiles in

our homework room/Senior room, painted our picnic tables and cleaned out our storage garage! Their contribution to PCC was an exemplification of “True Community Spirit”! To see some of the great work they did, go to our new website @ www.penacookcommunitycenter.org.

The many quality programs and services at the Penacook Community Center that benefit from community minded contributions (like the one from Elektrisola, Inc.) are:

Children & Teens

- Childcare/Preschool Program for ages 3-5 (7a.m. – 6p.m.)
- Kindercare for ages 5-6 (7a.m. – 6p.m.)
- Before and After School Care for 6 – 12 year olds (7 a.m. 8:30 a.m. and 3 p.m. – 6 p.m.)
- School Vacation Camps for 5 – 12 year olds (7 a.m. – 6 p.m.)
- Summer Camp Program for 6 – 15 year olds (7 a.m – 6 p.m.)
- Extreme Teens Summer Camp Program for 16 & up (7 a.m. – 6 p.m.)
- Counselor-in-training 15+ years old
- Sports Teams; PCC Girls Field Hockey Team
- Community Service Program, Diversion Program

Seniors

- Meals: weekly hot lunch, mystery lunch, pot luck dinners, holiday parties
- Exercise: aerobics, swimming, exercise equipment, line dancing
- Crafts: holiday crafts, stamping, quilting, painting
- Games: bingo, card parties, shuffle board, board games
- Trips: restaurants, theatre, casino, beach, museums, gardens, movies
- Educational seminars, workshops, weekly speakers, computer training, “Hannah’s Happy Hatters”

Adult Fitness

- Aerobics/Cardio Mix Fitness (T/TH 5:30-6:30)
- Co-ed Volleyball (Sun 6-9pm)

Due to an overwhelming area need, we have expanded our programming this year to include the following:

- We have expanded our Kindercare program for Boscawen and Penacook area residents to 24 students. As with all of our other quality childcare programs, our Kindercare program offers exciting thematic units that include math, science, social studies, language arts, dramatization, art, music & movement and imaginative play. We are open for all teacher workshop days, snow days, delayed school openings, as well as vacation weeks. We provide safe and nurturing environs for all of the children in our childcare programs.
- We have added an exciting new “Extreme Teens” Program for 13 to 16 year olds to our already fantastic summer camp lineup! The Extreme Teen

campers travel off site three days a week and experience rock climbing, rope course challenges, hiking, canoeing, kayaking, swimming and biking! Each trip is designed to be an educational adventure in the great outdoors where the campers develop self-reliance, confidence and responsibility. They learn the importance of working effectively as a "team" and being able to take on a leadership role. Even though the campers are challenged, these trips are designed so everyone can succeed and have fun. In addition to their off site trips, the Extreme Teens join all of the PCC campers on their Wednesday trips to State Parks and Beaches and they participate in "Fantastic Fridays" at PCC with all of the PCC campers. We have a limited number of openings for this program and we register all of our Summer Campers on a first come first serve basis.

- We continue to expand our PENACOOK AREA FOOD SERVE Program. Our program is one of the 300 Serve Chapters in New England that promotes volunteerism and rewards those who volunteer with "Great Food at deep discounts". This program is for everyone and is income neutral. In order to qualify for this program all you have to do is perform a minimum of two volunteer hours a month. Volunteer Service is "anything you do for someone else outside of your immediate family without pay". Food Serve Menus are available on the first of the month and the food is delivered to our site and is available for pick up at the end of the month. All are welcome to participate. If you would like more information about this wonderful program, please call Gail Meade at 753-9700 ext.106.
- Beginning in January 2006, running through April 2006, we are offering an "Open Gym Night" every Friday from 6 – 9pm for youth ages 8-16. Our Open Gym Night program is funded by the Edward Thornton Trust fund and is FREE to all Penacook and Boscawen youth. Open gym nights will include basketball, soccer, volleyball, floor hockey and more! Please note: parent permission forms must be filled out at time of drop off. We hope to see you there!
- Also beginning in January 2006, we are bringing back our Adult Fitness Co-ed volleyball league! The Co-ed Volleyball League is a non-competitive league designed for the citizens of Penacook and surrounding towns to promote awareness and education for the sport of adult volleyball in a relaxed environment. The League is set up to play on Sunday nights from 6-9pm in the Penacook Community Center Gymnasium. The League will hold two annual sessions, a winter session and a fall session. Each session will run for 9 weeks of scheduled play and 1 week of tournament play. There is a \$25.00 annual adult co-ed volleyball membership fee and a \$5.00 League fee per session. If you would like more information please call the office at 753-9700.
- Our gymnasium is available for rentals! Please visit our website or call the office if you would like more information about our gymnasium/sports equipment rentals. It's a great space to have party and a great way to have a party without the mess at home!

There is always something happening at The Penacook Community Center... we invite you to stop in and say "Hello" and participate in activities offered here and give us suggestions for activities that you would like to see happen at PCC!

We would like to thank the Town of Boscawen for partnering with us to make the programs and services at the Penacook Community Center affordable to everyone. This has been an eventful year, and we are proud that both the challenges and opportunities have resulted in new accomplishments in meeting our essential mission.

Respectfully submitted,

Deb Cuddahy, Executive Director

REPORT OF THE CENTRAL N. H. REGIONAL PLANNING COMMISSION

Established in accordance with state law, the Central New Hampshire Regional Planning Commission (CNHRPC) is a voluntary association of 20 communities in Merrimack and Hillsborough Counties. The Town of Boscawen is a member in good standing of the Commission.

The Commission's mission is to improve, through education, training, and planning assistance, the ability of the municipalities of the region to prepare and implement municipal plans; to prepare a plan for effective and appropriate development and utilization of the resources of the region; and to assist municipalities in carrying out the regional plan.

The Commission provides a variety of planning services, including consultations on planning issues; planning research; sample ordinances, regulations, and planning documents; access to Census information and other data sources; grant information; review and comment on planning documents; development review; and educational programs. Membership also entitles a community to affordable master planning assistance, geographic information systems (GIS) mapping, build-out analysis preparation, and other land use and transportation planning-related assistance.

In 2005, CNHRPC staff:

- Provided development review services, completed one subdivision review.
- Worked with the Zoning Ordinance rewrite committee weekly, provided mapping for the public hearings, and assisted with newsletter article for new zoning ordinance.
- Assisted town with questions on the Capital Improvement Program and subdivision regulations.
- Reviewed zoning ordinance table of uses and other sections of the Zoning Ordinance.
- Collected and processed traffic count data for the Town.

- Provided information on impact fees and growth management ordinances.
- Prepared some of the Town's maps in .PDF format for Town's use.
- Reviewed a subdivision plan for the Town.
- Called town offices and emergency personnel inviting them to participate in a Hazard Mitigation Plan.

In addition to the local services described above, in 2005 the Central New Hampshire Regional Planning Commission:

- Provided general local planning assistance to member municipalities and responded to inquiries regarding zoning ordinance, subdivision regulation, and site plan review regulation revisions.
- Coordinated sub-regional workshops related to Planning Board process and general land use/transportation planning issues.
- Coordinated three meetings of the CNHRPC Regional Resource Conservation Committee (R2C2). The R2C2 seeks to bring representatives of each of the region's communities together to work on conservation issues that affect the overall region.
- Conducted approximately 165 traffic counts throughout the region.
- Finalized the update of the FY 2007-2016 Regional Transportation Improvement Program (TIP) and participated in the development of the Statewide 10 Year Transportation Improvement Plan.
- Continued the development of the transportation and natural features chapter of the Regional Plan.
- Organized and hosted three meetings of the CNHRPC Transportation Advisory Committee (TAC).
- Continued to maintain and improve the regional transportation model. The transportation model is an integral component of the I-93 Bow to Concord Transportation Planning Study and other local and regional transportation planning projects.
- Provided assistance to municipalities, groups and interested individuals regarding the Transportation Enhancements (TE) and Congestion Mitigation and Air Quality (CMAQ) programs.
- Developed a Class 6 roads fact sheet and provided guidance related to Class 6 road issues to interested communities.
- Provided continuing technical assistance to the Upper Merrimack River Local Advisory Committee (UMRLAC) and assisted in the initiation of the UMRLAC Management Plan update.

For additional information, please contact the CNHRPC staff, your representatives to the Commission, Lyman Cousens and Noreen Powers, or visit us on the internet at www.cnhrpc.org.

REPORT OF THE UPPER MERRIMACK RIVER LOCAL ADVISORY COMMITTEE

The Upper Merrimack River Local Advisory Committee (UMRLAC) will be revising its Management Plan this year through a grant to the Central NH Regional Planning Commission from the NH Department of Environmental Services. The Planning Commission will be working with the UMRLAC and providing technical support for its revision. The new management plan will address emerging issues in the upper Merrimack and provide a vision and guidance for the watershed.

This year, the UMRLAC bid farewell to representatives who served several terms representing their respective cities and towns. Marilee A. Horn and Richard Laflamme (called to serve in Iraq) from Franklin tendered their resignations. Tucker Noack is the new Franklin representative. Pamela Hunt moved from the Northfield area. Mary Lee now represents Northfield. Susan Paschell finished her term as a Bow representative. Robert Wyatt recently moved from the Town of Bow to Concord and we hope to work with him again soon. Gary Lynn and Krista Crowell remain as Bow representatives. Lastly, Stephen Robinson, the last of the two charter UMRLACers, moved out of Concord and tendered his resignation. Steve served as an UMRLACer since 1990 and for many years as the Committee's Treasurer. Fortunately for the UMRLAC, Steve's commitment to the River remains high: his firm, Checkmate Expert Payroll Services is an Adopt-a-River sponsor. The UMRLAC is pleased to welcome Rick Chormann, the newest Concord representative. Elected UMRLAC officers for 2005-2006 are Michele L. Tremblay, Chair; Stephen C. Landry, Vice-chair; Gary Lynn, Secretary; and Krista Crowell, Treasurer.

UMRLAC is proud to continue implementation of the Upper Merrimack Monitoring Program (UMMP) as it enters its tenth year. The UMMP owes much of its success to strong municipal support and that from its Adopt-a-River Site Sponsors. The Program's Adopt-a-River Sponsors include Aquarian Analytical Laboratories, Inc., Aries Engineering, Inc.; Checkmate Expert Payroll Services, Concord; Elektrisola, Boscawen; Franklin Savings Bank; Franklin Wastewater Treatment Facility; Public Service Company of NH Corporate Offices and Merrimack Station; and Watts Regulator/Webster Valve. Many thanks to the Conservation Commissions and Towns and Cities of Boscawen, Bow, Canterbury, Concord, Franklin, and Northfield for their ongoing support and for graciously hosting Upper Merrimack River Local Advisory Committee meetings. The Franklin Waste Water Treatment Facility provided E. coli sample processing for the UMMP with the assistance of over a dozen collection volunteers. The data are the first volunteer monitoring program's to be entered into the state Environmental Quality Monitoring system. The UMRLAC is grateful for its sponsors', partners', and municipalities' support of the Upper Merrimack Monitoring Program (UMMP) and other projects in the watershed.

Graciously hosted by St. Paul's School, Bug Nights continues its popularity in the region, entering its tenth year in 2006 with over 60 individuals volunteering their collection and identification services. Steve Landry, Boscawen representative, contributed several features in the national

publication, The Volunteer Monitor. This year, college biology student and long-term UMMP volunteer, Kara Hewes, worked with classmates to collect and process an entire site of biomonitoring samples. The UMRLAC is commissioning a ten-year data analysis and report of the UMMP and a retrospective of the program to guide planning efforts for the next decade. To help fund the report, the UMRLAC has printed T-shirts and tote bags sporting a graphic of its popular Insect Inquirer on the back and a colored dragonfly and river image on the front. Please contact Michele Tremblay (information at the end of this report) or your UMRLAC municipal representative if you would like to make a bold fashion statement with a shirt or bag.

In collaboration with the NH Rivers Council, the UMRLAC continued to facilitate a stakeholder group that reviews the Public Service of NH re-licensing application. The UMRLAC filed for intervenor status in 2004 and continues to monitor the Federal Energy Regulatory Agency (FERC) licensing process. With the NH Rivers Council, the UMRLAC provided information to organizations and concerned citizens and informs them of the FERC process as well as provided information on how they can form and file their own comments.

Lori Sommer and Paul Currier from the NH Department of Environmental Services presented, respectively on the wetlands mitigation rules and the Department's watershed approach. Representatives from the Oxbow Initiative provided information on the landfill proposed for Canterbury.

Steve Landry represents the UMRLAC and several other southern New Hampshire local river management advisory committees on the NH Department of Transportation's Community Technical Assistance Program (known as CTAP). The CTAP is working to find community solutions in response to the I-93 widening. Michele Tremblay presented on the topic of the value of volunteer work and water quality monitoring at the US Environmental Protection Agency's "Shared Waters Summit" in April.

The UMRLAC continued to review project plans and proposals and provide comment including the Glines Brook project in Boscawen; permits associated with the landfill proposed for Canterbury; an access and recreational facility, NH Technical Institute expansion plans, a Unital infrastructure river crossing, and Abbott development in Concord; and several residential subdivisions, and a detention pond in Franklin. The Committee monitored the proposal for the Sisters of the Holy Cross property in West Franklin.

Please visit UMRLAC's website at www.merrimackriver.org for further information on the river, committee membership, activities, maps, water quality data, and photographs of brave and selfless volunteers in action. UMRLAC meetings are held on a rotating basis in its six represented communities on the second Monday of each month at 7:00 PM. All are welcome to attend. For meeting schedules, locations, and other information contact Michele Tremblay at 603.796.2615, mtrembla@tds.net, merrimackriver.org, or your municipal representatives listed below.

REPORT OF THE CONCORD REGIONAL VISITING NURSE ASSOCIATION

The Concord Regional Visiting Nurse Association (CRVNA) continues to offer comprehensive health services to the residents of Boscawen. The following is a description of these services:

Home Care services respond to the health care needs of those patients with acute or chronic illnesses that require skilled professional and para-professional care so they may return to or remain in their homes. Emphasis is on promoting independence and maximum functioning of the patient within the least restrictive setting. Patients who receive services range from children who have a complex medical condition to frail elders who require supportive assistance to stay in their own homes.

Hospice services provide professional and para-professional services to the terminally ill patient with a limited life expectancy. The goal is to enhance the quality of the patient's remaining life by helping he/she remain at home in comfort and dignity. Emphasis is on pain and symptom management and skilled intervention to meet the patient's special physical, emotional and spiritual needs. CRVNA's Hospice House provides residential care to terminally ill patients who have no primary caregiver or need a supported residential setting. Often-times, patients are transferred into the Hospice House when a caregiver is exhausted and unable to care for them at home any longer. To date, this house has provided a home to approximately 700 terminally ill residents.

Community Health services include health education, health maintenance and preventive health services. The program includes preventive care, adult and senior health, child health, Baby's First Homecoming, immunizations for all ages, supportive services to school districts parent education and support, health education and nutritional counseling.

Community Health includes health promotion services which focus on the low and marginal income families and individuals to prevent illness by professional assessment and screening for health risks and needs, by early intervention to prevent, eliminate, or minimize the impact of illness and/or disability, and by anticipatory guidance and health teaching. Emphasis is on promoting healthy children, families and individuals through early intervention and health teaching. Services rendered in the clinic setting are: child health, adult screening, and immunizations. Home visits are made in crisis situations or

when needed health care cannot be given in the clinic. Senior health services are provided at congregate housing sites.

Over the past two years Senior Health Clinics have expanded to reach out to seniors who may require a monthly check by a nurse of their blood sugar, blood pressure, and/or diabetes management. The expansion of these services was in response to the decrease in Medicare services to seniors.

Professional and para-professional hourly home services are provided on a private fee-for-service basis. Health education and instruction are part of each home visit or clinic visit.

Anyone in Boscawen may request service; patient, doctor, health facility, pastor, friend or neighbor. The nurse who completes an assessment will coordinate with the patient's physician a plan of care to meet the patient's specific needs. If the patient does not have a physician the nurse will assist the patient to identify one and schedule a visit. The agency has developed a program with the NH-Dartmouth Family Practice Residency Program to coordinate a house call visit by a resident to a frail elder's home who is unable to leave his/her home.

A call to Concord Regional Visiting Nurse Association (1-800-924-8620) is all that is necessary to start services or make inquiries. The CRVNA office is open Monday through Friday from 7:30 am to 5:00 pm. A nurse is on call twenty-four hours a day. The On-Call Nurse can be reached by calling 1-800-924-8620.

Federal regulations specify a charge is applicable to all visits. Fees are scaled for the individual without health insurance and/or who is unable to pay the full charge. However, to fee scale, federal regulations require a financial statement be completed by the patient or responsible person. The community health services are provided to residents often times free of charge. Town monies subsidize those visits that are scaled or that no fee is collectible.

This agency is certified as a Medicare/Medicaid Provider, licensed by the State of New Hampshire, and is a member agency of United Way of Merrimack County.

Total visits made during October 1, 2004 through September 30, 2005:

	<u>No. of Clients</u>	<u>Visits</u>
Home Care/Hospice	119	2,485

Senior Health	15	59
Baby's Homecoming	<u>27</u>	<u>27</u>
Community Health Total	60	130
Total Clients and Visits	179	2,615

12 Senior Health Clinics

5 Adult Bereavement Support Groups

2 Hospice Volunteer Training Groups

REPORT OF THE UNIVERSITY OF NEW HAMPSHIRE COOPERATIVE EXTENSION

One in four New Hampshire residents took advantage of at least one University of New Hampshire Cooperative Extension program last year.

Our programs offer non-formal education in parenting, family finances, food safety, home gardening, 4-H (including clubs, camps, special interest programs and after school programs) for children and teens, nutrition education for low-income families and life-skill development for welfare recipients. Merrimack County Extension staff provides education to forest landowners and commercial farmers that help keep their enterprises profitable, while preserving open space and protecting natural resources. This is important to community members because studies show that open space helps keep property taxes low.

Merrimack County extension educators also work extensively with towns and school districts—organizing and advising after-school programs, helping school and town groundskeepers maintain athletic fields, landscaped areas, and town forests, as well as providing guidance to community boards on current use and other land use issues.

Merrimack County Extension provides fact sheet notebooks to all town libraries and produces monthly “Coffee Chat” radio segments on WKXL radio, which offer information to residents throughout the station’s listening area.

UNH Cooperative Extension operates a statewide toll-free Info Line at our Family, Home & Garden Education Center, staffed Monday through Friday, 9:00 AM – 2:00 PM (1-877-398-4769). Last year, the Info Line handled more than 800 requests from Merrimack County residents. Extension also distributes a wide range of information from our Web site: www.extension.unh.edu.

Finally, UNH Cooperative Extension trains and supports a large corps of volunteers: 4-H leaders, master gardeners, wildlife coverts, community tree stewards, water quality monitors, and others who extend the reach of Extension programs into many domains of New Hampshire life. If volunteer opportunities interest you, please call Merrimack County Extension office at 225-5505 or 796-2151, or stop by the office at 315 Daniel Webster Highway in Boscawen next to the County Nursing Home on Route 3.
